

Church Covid Procedures

6.1.2021

Effective **June 11, 2021**, Indian Creek Christian Church will follow the CDC Guidelines as it pertains to Covid.

Masks & Social Distancing:

If the individual is fully vaccinated, they do not have to wear a mask, nor social distance on our campus.

Seating:

We have rowed seating. We encourage all fully vaccinated individuals, families, and those doing regular life together to sit with one another in our services, Sunday School classes, and other events.

Food & Beverage for Sunday Schools, Ministries, and 3rd Party Events:

We encourage food and drinks to be prepackaged to allow people to pick up themselves. Should the class, event, or ministry choose to allow “self-serve” style food and/or beverage, we encourage the leader to follow current WEDCO food safety guidelines provided to them by the Office Admin. It will be the responsibility of the Sunday School Room Leader, Primary Event Person, or Ministry Leader to determine, enforce, and ensure how they chose to serve food.

Food & Beverage for Coffee Bar and Church-Wide Events:

We encourage food and drinks to be prepackaged to allow people to pick up themselves. Should the event leader choose to allow “self-serve” options, the leader must follow current WEDCO food safety guidelines provided to them by the Office Admin. It will be the responsibility of the leader to determine, enforce, and ensure how these protocols are carried out.

Kitchen:

The Church Kitchen will be open for use by all above examples. We ask that all leaders follow current WEDCO food safety guidelines provided to them by the Office Admin as pertains to food safety; preparation, reheating, storage, and clean up.
